

HIDDEN IN PLAIN SIGHT

The teen years can be difficult. Indicators of teen drug use, mental health concerns, unhealthy relationships, human trafficking and other risk factors can be hidden in plain sight, but easy for parents and other adults to miss.

Join us to learn about current trends, how to recognize common warning signs and how to talk to youth about these important issues.

Parents, caregivers, educators and other adults who work with youth are encouraged to attend. **Event open to all districts within the region.*

***Must be 18+ to attend**
